**Poliform**  
wardrobes collection

# Poliform

The look of relaxation. A private, intimate space, designed to meet the privacy needs of contemporary living with a touch of elegance and exclusivity. The Poliform bedroom collection is expressed through elegant, perfectly coordinated furniture, creating a distinct style and a total look for the entire home. Wardrobes, walk-in closets, beds and bedroom sets are developed into a broad range of proposals distinguished by their use of materials, colours and finishes, creating practical compositions thanks to a rich range of accessories and inner equipment.

# Artik

CR&S Poliform

The wardrobe Artik was conceived to be like you: its doors are elegant and the internal partitions can be projected tailored to your personality.

door thickness - 25mm

door thickness - 30mm / 47mm

# Bangkok

Operadesign

An exclusive and elegant wardrobe designed by Operadesign.  
A piece of furniture always unique like you.

# Ego

Giuseppe Bavuso

Lightness and transparency are the qualities that define Ego wardrobe, design Giuseppe Bavuso. A new proposal dedicated to the order characterized by maximum neutrality.

door thickness - 42mm

door thickness - 28mm

# Fitted

Rodolfo Dordoni

The wardrobe in the name of lightness. Fitted, design Rodolfo Dordoni, becomes the basic element of evolved interior design projects, where the wardrobe enhances the brightness of the spaces thanks to the thinness of the structure.

# Graffiti

Carlo Colombo

A place for ordering. Graffiti wardrobe designed by Carlo Colombo can be in any room of the house, stressing its role of universal container. The versatility of the Senzafine system allows it to be placed in every room, offering the greatest space in any situation.

door thickness - 25mm

door thickness - 25mm

# New Entry

CR&S Poliform

I like the unlimited versatility. Try it at different angles, with sloping ceilings and in other unusual situations: New Entry will surprise you with its flexibility.

# Ocean

CR&S Poliform

Ocean design CR&S Poliform: The luminosity of shiny glass for a wardrobe that gives the idea of pure space. A project that exploits light, thanks to the breadth of surfaces.

door thickness - 25mm

door thickness - 53mm

# One

Carlo Colombo

I like a wardrobe that is reliable. One, design Carlo Colombo, is a wardrobe that exploits the qualities of the aluminium and light. The silent doors are built to slide effortlessly, however long you use them.

Because for Poliform every innovation comes from functionality.

# Sand

CR&S Poliform

The aesthetics of wood in a wide range of colours, from total white to walnut c. and the palette of mat lacquered colours. Sand is made of pine melamine, with its grain and natural sensation.

door thickness - 25mm

door thickness - 25mm

# Skin

CR&S Poliform

The wardrobe Skin was designed to be minimal and sleek, comes in with aluminium handles as an extra touch. The doors are elegant and the internal partitions can be projected tailored with your personal taste.

# Stratus

Giuseppe Bavuso

Senzafine Stratus, design Giuseppe Bavuso, is characterized by the peculiar door working. An aesthetical moderate detail that marks the fronts of the compositions.

door thickness - 25mm

door thickness - 25mm

# Surf

CR&S Poliform

Transparency and material, an essential combination that exploits the brightness of environments. The Surf door designed by Carlo Colombo is characterised by surface detail that interprets the waves, giving it a strongly tactile feel.
