S P A
PRODUCTS

Beauty and health are guided by our sense of wellness and the virtues of simplicity. These factors, bolstered by function and elegance, infuse all VOLA products.

S20 *Build-in stop valve, in brushed stainless steel.*

COMBI-30 *Knipp Hose and build-in stop valve in polished chrome.*

COMBI-21 *Thermostatic mixer with three-way diverter Round-head shower, hand shower and body jets, in brushed stainless steel.*

COMBI-32 *Waterfall Shower, Kneipp Hose and build-in stop valves, in brushed stainless steel.*

ROUND
SERIES

From Jacobsen's earliest designs onwards, the circular form has defined the VOLA aesthetic. The award-winning Round Series is a unified system of circular elements, from the Round-head shower to tissue holder and waste bin, that allows designers to create harmonious, holistic interiors.

RS10 *Electronic soap dispenser, in black, with brushed stainless steel surround.*

RS3/W *Retrofit waste bin, in white, with brushed stainless steel surround.*

RS2/B *Build-in tissue dispenser, in black with brushed stainless steel surround.*
RS1/B *Build-in waste bin, in black with brushed stainless steel surround.*

TOWEL
WARMERS

Our commitment to sculptural modularity is epitomised by the T39 towel rail. Pairing a meticulously refined aesthetic with a simple modular system, the installation can be expanded from three to twenty rails with custom defined inter-rail spacing from 100 to 300 mm. A separate control aligns precisely with the cantilevered elements. Electric or central heating options available.

T39 *Build-in modular heated towel rail, in polished chrome.*

COLOUR
FINISHING

Colour brings design to life. Today's collection of standard finishes and bold colours adds new shape and structure to VOLA products. The colours begin life as powder, transferred electrostatically to the fitting and then baked to create an unblemished and highly durable surface.

The VOLA Exclusive Range takes our craftsmanship and detailing to another level. Produced specifically for contracts, these exquisite finishes represent the ultimate in bespoke design. The precious coatings include warm golds and vibrant coppers which showcase the same exceptional technical detailing and level of surface quality as regular VOLA finishes.
