# Bathroom mixers

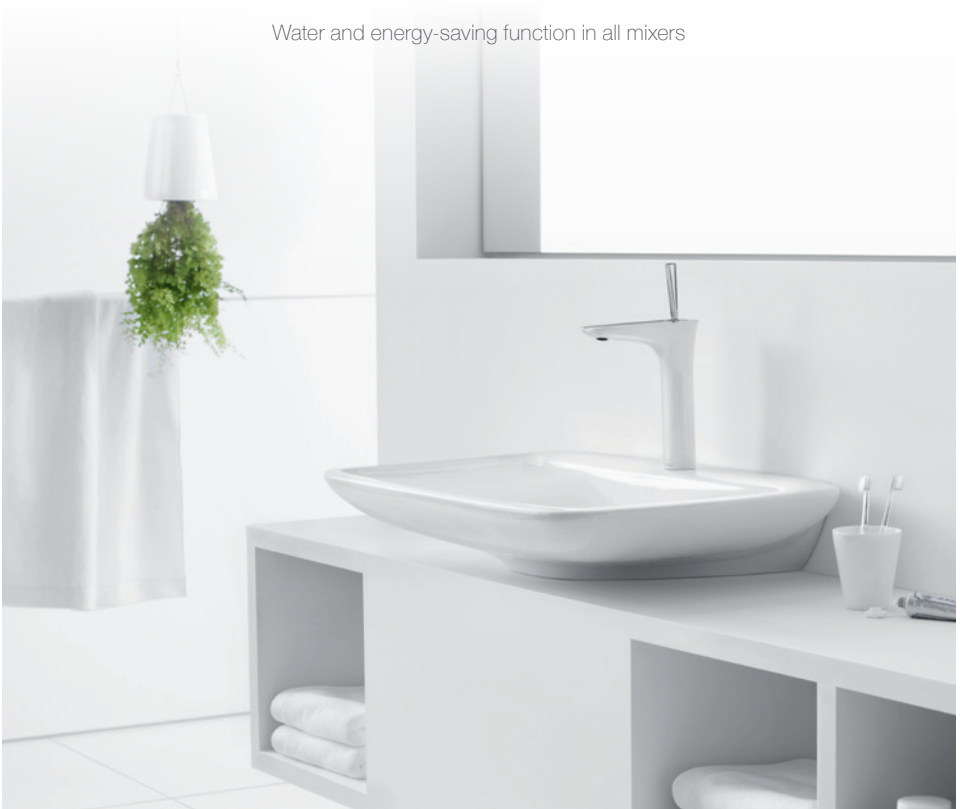

## Avantgarde Style

Award-winning design and special materials

Intuitive functionality and great usability

A fresh look and graceful character

Water and energy-saving function in all mixers

PuraVida®

PuraVida® 240

PuraVida® 200

PuraVida® 110

PuraVida® 100

The rounded lines and organic forms of the PuraVida mixers radiate a creative self confidence. The white and chrome surfaces blend together seamlessly in the DualFinish process. PuraVida mixers are available in various heights – for the individual space that we call ComfortZone.

The bathroom is not about tomorrow's trends, but about your own trend. So, if you prefer individuality, you will love the mixers from our Avantgarde style world.

# Bathroom mixers

## Modern Style

Design that concentrates on the essentials

Four design variants and price categories to choose from

Exceptional convenience offered by the various mixer heights

More space between the spout and the basin

Water and energy-saving technology as standard

Metris®

The Metris mixers stand for excellent comfort at the basin.

Large, openly rounded areas create a feeling of luxury, whereas precision edges give the mixer its character.

## Focus®

With their lean, cylindrical body and flat handle, the Focus mixers introduce elegance and quality to your daily routines in the bathroom.

Logis®

Finely curved surfaces,  
soft edges, clear lines,  
and a prominent handle  
lend the Logis a soft, yet  
precise exterior that can be  
combined harmoniously with  
many basins.

## Talis®

The Talis mixers radiate both visual and functional clarity. This can be put down to the basic cylindrical shape and the ease of use at the slender pin handle.

## Talis® E

Clear contours, a slender, upright body, and a lever matched perfectly to the spout lend the Talis E its modern high quality look.

# Bathroom mixers

## Classic Style

Timeless, stylish bathroom design

Sweeping lines

Ergonomic grip

Extra convenience with mixers of various heights

## Metris® Classic

The Metris mixers stand for excellent comfort at the basin. Large, openly rounded areas create a feeling of luxury, whereas precision edges give the mixer its character.

## Talis® Classic

With its rounded spout, its pin handle, and its lean, high basic set, the Talis Classic is a classical beauty in the bathroom.

# Showers

## Hand showers

A shower head featuring up to three jet types & switch-over  
at the touch of a button. Diversity in design and sophisticated shower technology included

- ① Croma® Select E Vario
- ② Raindance® Select S150
- ③ PuraVida® 3jet
- ④ Crometta® 100 Multi
- ⑤ Raindance® Select E120

Hansgrohe  
makes hand  
showers for every taste,  
requirement and any budget.  
Choose from our wide range of  
products and take advantage of  
our more than 115 years' worth  
of shower and design  
expertise.

# Showers

## Shower sets

Hand shower plus wall bar:

the perfect duo for your shower

Virtually all of our hand showers are available as a set, together with matching wall bar. We supply the bar in lengths of 65 and 90 cm as standard. Hansgrohe shower sets are impressive visually and functionally.

# Showers

## Overhead showers

For relaxing or rejuvenating – because every day deserves a different shower. Concealed installation, integrated into the wall.

Our overhead showers:  
The loveliest rain in the world.  
Soft summer rain, a powerful  
waterfall or a revitalising shower  
spray? Whatever your idea of the  
perfect shower is, through our  
showering options you will be able  
to turn your dream into genuine  
shower pleasure. Design your  
individual shower – with the shower  
configuration that suits you.

# Showers

## Showerpipes and shower panels

More shower, more comfort, more fun in the shower

Hansgrohe overhead showers are an incomparable source of refreshment and relaxation. They envelop your body in dream-like shower rain, gently douse you in water, massage, and thoroughly rinse out shampoo. They are also a delight to look at – creating real architectural highlights in your bathroom.

# Technology

## Select™ technology

"Select your shower pleasure" at the touch of a button.

Products are created that make life easier,

and that become an in-dispensable part of daily life.

## Select Your Water Pleasure.

### The Hansgrohe Select button ...

Guarantees simplicity day in, day out.

Select products in the bathroom are ideal for

you to enjoy variety in the shower

and ultimate ease of use at the wash basin.

Regardless of whether you want to switch between  
your overhead and hand shower, or between jet types.

Or whether you want to turn the water  
from your mixer on or off with precision.

## Talis® Select S

The prominent Select button lets you use the Talis Select S with the greatest of ease. You turn the water flow on and off at the touch of a button.

Turn the button to set your chosen temperature.

Together with the spout merging harmoniously into the lean, conical body of the mixer, the Select button lends this a unique aesthetic clarity.

The innovative solution  
for the shower.

## Rainmaker® Select

The promise inherent in its appearance is delivered in full by a Rainmaker Select shower. Because of its size, the different spray types can be arranged to give you even more freedom of movement to enjoy your showering experience.

## Rainmaker® Select Showerpipe.

The flat glass surface on the chrome plated metal body completes the elegant overall look of the Showerpipe and at the same time has enough room for all the paraphernalia that you need for a pleasant showering experience. But the Rainmaker Select Showerpipe also has a lot to offer in terms of functionality. With a choice of four Select buttons, the overhead and hand showers, as well as the different spray types, are just a click away. While the rotary control on the thermostat allows you to set the exact temperature you require.

## ShowerSelect® glass thermostats

The exclusive design and material of the ShowerSelect glass thermostat make it the perfect match for Rainmaker Select. The water temperature is regulated by an ergonomic handle. The Select buttons are flush with the surface and directly control the overhead and hand showers.

Perfectly integrated  
design and technology.
