The E. Bon Group of Companies (E.BON), established since 1976, whose holding company is listed on the Stock Exchange of Hong Kong Limited (Stock Code:00599). E.BON is known as one of the major suppliers of architectural hardware, bathroom, kitchen collection and designer furniture in Hong Kong. The story begins with a traditional hardware shop by three founders in 1976. The shop developed its own trading division by direct import from overseas in 1979. Since then, E.BON has engaged in the trading in architectural hardware, and eventually extended to bathroom, kitchen collection and designer furniture. E.BON actively participates in commercial and residential projects across Hong Kong, mainland China and Macau.

The goal of E. BON is to enhance the Group brand value and reputation by managing customers' expectation of getting products that commensurate with their lifestyles. To fulfil and in response to customers' needs, E. BON set up different divisions, such as Massford, retail team and ViA. This strategy has proven to be successful in terms of quality, efficiency and professionalism.

E. BON keeps up with the upward trend of living standards in the market. In 2011, the Group expanded its presence in Shanghai. In 2019, its long-collaborating partner, Cypress Design, joined the Group to foster synergies and explore market opportunities.

The future direction of E. BON is to continue to lead the way towards higher level of customer services and enhance brand value with two fundamental qualities, i.e. "sincerity" and "quality".
